

# Pharmacy

Access C&D database, create smart stock and automated ordering.

Our software is perfect for your business and deployed by many big brands globally. We have listed general everyday problems you may face that Emperium can easily solve.

! Problem	Emperium Software Feature	✓ Solution
I sell a range of items as well as medicine	PRODUCT MANAGEMENT	Edit category prices, attributes and even add private and NHS prescription hot keys.
I need to manage end of day balance and more	REPORTS	Monitor profit and loss. See sales for most popular items and even history of transactions
I want to know who is operating the EPOS System	STAFF MANAGEMENT	Loss prevention and minimal shrinkage methods as well as knowing who has access rights to certain functions on the EPOS hardware with Emperium software enabled. +more
I want to enable a database that is linked with C&D	ONLINE DATABASE	Maximise product list and update your prices according to Chemist & Druggist Database
I need to access my EPOS away from the business	BACK OFFICE	Keep on top of your inventory and update prices with back office from any location.
